Affiliation Bonus

Affiliation Bonus:

The affiliation bonus is designed to attract active component personnel who have a remaining initial military service obligation (IMSO) to the Army National Guard following separation from active duty. All Army National Guard Units may award it to qualified applicants in all MOS. The applicant must be Military Occupational Skill (MOS) qualified for the valid vacant position in which he/she enlists. It must be selected at the time of enlistment. The amount of bonus is calculated by multiplying the remaining whole months of the soldier's Military Occupational Skill by \$50.

(Example: A soldier with 14 whole months remaining on his/her MSO at the time of enlistment would receive \$700.00.)

We want you...Let us help you benefit from the Maine Army National Guard

Eligible Units:

All MTOE and TDA units regardless of MOS as long as soldier is MOS qualified in the DPOS for which enlisting into.
